

# Generosity

## SEPTEMBER SERVICE

### A Note from the Vice President – Julie Veilleux

The older I get the more I realize serving others ultimately fills my spirit. It brings me joy! In this busy world, how do we add more commitments? For the past 8 years I have had the ability to give a little more, but I was shy to add more to the plate. I can't be the only one who has the desire to volunteer more, but just doesn't know where or how to start.

Working with Tri-State, it is the perfect opportunity to get involved with the greater Augusta community. I encourage friends, families, employees, and customers to join forces with Tri-State. Commit to volunteering once a month!

“One small act of kindness can change the world”
